BECOMING A VRA SPONSOR

Conference sponsorships also available!
As leaders in the field of recycling in Virginia, you understand the importance of having a voice in the way critical issues affecting our industry are presented to industry colleagues and our community.

The Virginia Recycling Association is actively working to establish a dialogue with decision makers and community members that will help us address issues of participation, contamination and sustainable development by providing timely information and activities that will raise awareness of the important role that recycling plays in our economy and our environment.

While we are working hard to raise the awareness of the issues regarding recycling in Virginia, we cannot reach our maximum effectiveness as an industry voice without the backing of our colleagues.

We are seeking sponsors and working partners who can help us support the aims and objectives of the VRA through:

- Providing advertising and content for our new VRA website
- Partnering with VRA to facilitate facility tours, training events and workshops
- Working with VRA to organize and participate in our conferences
- Joining the VRA in recognizing the achievements of our members at the Annual General Meeting and Awards Ceremony

The VRA understands that we need to shine a light on the good work that you are doing for our community and for the recycling industry. We also understand the importance of the financial commitment that you are making to support our work. That is why we offer a range of sponsorship options and to suit your budget:
