FOR IMMEDIATE RELEASE

Joint VRA/SWANA Conference Postponed *New Dates October 27-30 in Virginia Beach*

March 17, 2020--The Virginia Recycling Association (VRA) and the Solid Waste Association of North America Old Dominion Chapter (SWANA) have postponed their joint conference and trade show due to concern about the coronavirus COVID 19.

Originally scheduled for April, the conference has been rescheduled for October 27-30 at the Hilton Virginia Beach Oceanfront. The theme of the conference is Navigating Changes on the Horizon which will speak to the challenges the industries face as global recycling markets are in flux.

All existing conference registrations will automatically be applied to the new conference dates, however these registrants should also visit www.vrarecycles.org for instructions about April hotel room cancellations, information about the new hotel block, conference schedule and the cancellation policy, if the October conference is not feasible.

For more info about the 2020 Joint VRA & SWANA Conference, visit the conference site at vrarecycles.org or call 804-302-4231.
